Artists in attendance for all programs

Each year the Festival pays tribute to filmmakers who have made outstanding individual contributions to the film and video arts with special tributes.

Honorees participate in public programs which include screenings and discussions of the artist's work

Click on the "GUESTS" tab above to view photos of a few of our visiting artists.

The following list includes only selected tribute guests. In addition to the tribute honorees listed below, an additional 70-100 filmmakers are in attendance each year to screen their works throughout the year. Participants include master artists, mid-career filmmakers and emerging filmmakers.
